

## Susan the super slimmer

A CHAMPION slimmer looked so different after her weight loss and makeover that her daughter did not recognise her.

Susan Roberts, a working mum, was crowned the winner of Golden Square's Drop a Dress Size challenge during the summer.

And last week she headed into the shopping centre to pick up her two-day pamper package prize worth £1,000.

The Westbrook resident said: "This whole experience has been amazing - I feel fantastic.

"I never spend much time or money on myself but winning this competition has meant I've been really spoiled for two whole days and I've loved every second.

"I look so different my little girl wouldn't come near me when I returned from the salon the first day but she has got used to the change now."

She enjoyed a day of treatment from experts at Jakata Hair and Beauty followed by a shopping trip with Golden Square's professional stylist and personal shopper Nicola Cupples.

Susan lost four inches around her waist and shed almost a stone in weight during the four month challenge which started in August. More than 160 people signed up.
